**Kenneth J. Lossing DO, Kalifornien**

Ehrenpräsident der DAOM

### **Greetings DAOM!**

It has been my please and honor to be associated with the DAOM for the last 20 years. During that time I have found the leadership and organization to be sincere, curious, dedicated, hard working and friendly. The intent has always seemed to be to provide the best Osteopathic instruction for the students possible, with the best possible overall program. Osteopathic tradition says that DO = DIG ON!

Wishing you all the best for the coming years.
